Helping Poor People
Manage Risk

Our participation in helping the daily labourers and other needy started in the first week of April.

Unlike other situations like reaching out to the needy in times of natural calamities, we struggled to find ways to reach out to the suffering people.

As soon as we came to know that there is a group of teachers who are going out to help the needy, I sought permission from our provincial Sr.Jothi if we can assist the suffering people through this group, and Sr. provincial was kind enough to give permission. So we gave the group Rs. 15,000/- and they got ready provisions and took to the daily labourers at Poonjolai nagar near Arappakkam, Vellore.

Our first despatch.

Provisions for people of Poonjolai Nagar

After receiving the general permission from Sr.Provincial to reach out the people in need we organised to help 5 villages and a few families near our convent Sathuvachari.

Second despatch is ready for distribution.

Sisters praying together before the despatch.
